

AVIATION ELECTRONICS TECHNICIAN "I" LEVEL (AT)

RATING ROADMAP

08 Feb 2010

CAREER ROADMAP

Seaman Recruit to Master Chief Roadmaps

The educational roadmap below will assist Sailors in the Aviation Electronics Technician "I" Level community through the process of pursuing professional development and advanced education using various military and civilian resources e.g. PQS program; SMART Transcript; NKO (E-Learning); Navy College; etc. Successful leadership is the key to military readiness and will always require a high degree of technical skill, professional knowledge, and intellectual development.

What is a Career Roadmap for Aviation Electronics Technician "I" Level?

Aviation Electronics Technician "I" Level roadmaps are just what the name implies - a roadmap through the Enlisted Learning and Development Continuum from Seaman Recruit through Master Chief Avionics Technician. The principal focus is to standardize a program Navy wide by featuring the existing skills of "I" level Aviation Electronics Technicians necessary to be successful in the Navy. The ultimate goal of a roadmap is to produce a functional and competent "I" level Aviation Electronics Technician.

What is the Enlisted Learning and Development Continuum?

Enlisted Learning and Development Continuum is the formal title given to the curriculum and process building on the foundation of Sailorization beginning in our Delayed Entry Program through Recruit Training Command and throughout your entire career. The continuum combines skill training, professional education, well-rounded assignments, and voluntary education. As you progress through your career, early-on skill training diminishes while professional military education gradually increases. Experience is the ever-present constant determining the rate at which a Sailor trades skill training for professional development.

Do Sailors have to follow the Roadmap?

Yes. The Aviation Electronics Technician "I" Level roadmap includes the four areas encompassed by the Continuum in Professional Military Education to include; Navy Professional Military Education, Joint Professional Education, Leadership and Advanced Education.

Some training and education is mandatory (Recruit Training, etc...). Some may be directed by your chain of command (Microsoft Excel and PowerPoint courses), and the remainder is voluntary (NKO, E-Learning, college courses, etc.). Sailors are advised to seek out mentors, including your Command Master Chief, Senior Enlisted Advisor, Leading Chief Petty Officer, Leading Petty Officer and Command Career Counselor, and to make use of your Base Navy College or Education Office vast resources. All are uniquely qualified to help you along the way.

I am a United States Sailor.

I will support and defend the Constitution of the United States of America and I will obey the orders of those appointed over me.

I represent the fighting spirit of the Navy and those who have gone before me to defend freedom and democracy around the world.

I proudly serve my country's Navy combat team with Honor, Courage and Commitment.

I am committed to excellence and the fair treatment of all.

AVIATION ELECTRONICS TECHNICIAN SECOND CLASS (Journeyman)

Note: NEC and courses listed are not all inclusive but cover most primary classifications. Please refer to the Catalog of Navy Training Courses (CANTRAC) and NEC Manual for further guidance and opportunities.

JOB DESCRIPTION

Journeyman level aviation electronics technician at the Intermediate level of aircraft maintenance. Intermediate level avionics technicians are responsible for the testing, troubleshooting, and repair, down to the component level of avionics equipment installed in naval aircraft as well as equipment installed in or part of avionics test equipment. Some avionics technicians at the Intermediate level perform delicate and precise calibrations on sensitive measuring equipment as well as perform micro miniature solder and solid state component repair. Petty Officer Second Classes are stepping up into more and more of a leadership role while still maintaining proficiency in the technical trade.

RECOMMENDED BILLET ASSIGNMENTS

Billet assignments for Intermediate level avionics technician journeyman are primarily at Fleet Readiness Centers (FRC) in most major fleet concentration areas such as San Diego, Lemoore, Whidbey Island, Norfolk, Oceana, Jacksonville or Atsugi Japan. For a sea duty bound sailor, the choice is primarily a CVN carrier or air capable platform such as an LHA or LHD etc. Each carrier has its own Aircraft Intermediate Maintenance Department (AIMD) which is the sea going equivalent of a shore FRC. AT2's should be targeting work center shift supervisor positions and detailing into instructor billets when available.

RECORD REVIEW CHECK LIST

Review your Official Record to see what documentation, qualifications, etc. may be missing or requiring an update. This is a great opportunity to meet with your Mentor, Leading Petty Officer or Leading Chief Petty Officer to understand the importance of keeping your record up-to-date. Check the following three major sections to verify your Official Record:

a) **BUPERS Online** BUPERS Online (<https://www.bol.navy.mil>) is your main tool to ensure your record is up to date and helps you to be proactive in making the most of your promotion opportunity. You should review your;

1) **Web Enabled Record Review (WERR)** All active duty and reserve personnel having a BOL account, a CAC (with appropriate certificates) and a CAC-enabled computer can now view their Official Military Personnel File (OMPF) online by selecting the web enabled record review option on the BOL main menu

page. WERR is the preferred method of obtaining OMPF information to eliminate the unnecessary time-lags caused by waiting days or weeks to receive a requested CD ROM.

2) **If Deployed:** Click on “**Request Record on CD**” to order your Official Military Personnel File (OMPF). This must be accomplished four to six months before a board convenes, which will allow time for delivery and updating of your record if required.

3) Check your **Performance Summary Record (PSR)** and **Enlisted Summary Record (ESR)** on <https://www.bol.navy.mil> click on “ODC, OSR, PSR, ESR” link

b) **Electronic Service Record (ESR)** Self-Service ESR: This can be viewed at (<https://nsips.nmci.navy.mil>) or on the Navy Standard Integrated Personnel System (NSIPS) ESR server onboard ship.

c) **Electronic Training Jacket (ETJ)** Log-on to Navy Knowledge Online (NKO) and review your entire ETJ making sure that each section is correct. If not click on "Data Problems" on bottom of each page which will guide you on how to make corrections or updates.

The following civilian occupations are similar to the Aviation Electronics Technician “O” Level Rating. For more information about these occupations, visit NAVY COOL at <https://www.cool.navy.mil>.

- Aircraft Mechanics and Service Technicians
- Avionics Technicians
- Electrical and Electronics Repairers, Commercial and Industrial Equipment
- Electronics Engineering Technicians
- Inspectors, Testers, Sorters, Samplers, and Weighers
- Radio Electronics Technicians

CERTIFICATIONS: Available through Navy COOL. Please see your Career Counselor and LCPO for guidance.

- Certified Electronics Technician - Associate-Level
- Electrical Testing Technician (ETT) - Level I
- Avionics Electronics Technician (AVN)
- RADAR Electronics Technician (RAD)
- Aircraft Electronics Technician (AET)
- Certified Aerospace Technician (SpaceTEC)

USMAP (UNITED SERVICES MILITARY APPRENTICESHIP PROGRAM):

- Electronics Mechanic
- Electronics Mechanic (Any Industry)
- Optical-Instrument Assembler (Optical Goods)
- Electronics Tester
- Calibration Laboratory Technician (Aircraft Manufacturing; Electron Comp)

FLEET RIDE:

Fleet RIDE is designed for Fleet use in support of Perform to Serve (PTS). Fleet RIDE assists Fleet Career Counselors, Enlisted Community Managers (ECMs), and CREO personnel with reclassification and career guidance by providing the best match of a Fleet Sailor's qualifications and interests to meet Navy requirements for rating assignment/conversions.

- View and update all Sailor attribute data/rating eligibility criteria and force shaping tools within the Fleet RIDE database
- Qualify the Sailor to view eligibility for any and All ratings
- View and add career counselor notes
- Request applicable data transfer to conversion packages (PTS Spreadsheet) with no retyping of data
- Fleet RIDE, in the PTS conversion process, contributes to the balance of Navy Rating skill mix and helps improve:
 - Community Management
 - Career opportunities for Sailors
 - Fleet readiness
 - Conversion process by reducing time and errors
 - Command CDB/PDBs process
 - Sailor-NC career counseling

COLLEGE COURSES AND DEGREES (See Education Section)

You are recommended to contact your local Navy College Counselor to map your college roadmap for a college degree. Here you will review with a counselor your previous college credits, SMART transcript and provide you guidance in the degree of your choice and steps which you need to take for completion of your goal.

NAVY PROFESSIONAL READING PROGRAM:

The purpose of the Navy Reading Program is to facilitate the professional and personal development of all sailors, seaman to admiral, active and reserve. Simply reading for pleasure is certainly encouraged, but the NPRP will facilitate reading material that may help develop skills and abilities that can be helpful in both your professional and personal lives.
